EDUCATION

Nepal College of information technology
Bachelor of computer engineering

Balkumari, Lalitput, Nepal
2018 – 2024

Little Angles Collage
Science , Math

Hattiban, Lalitpur
2016 – 2018

EXPERIANCE

TST Real Estate | Project Manager   March 2024 – Dec 2024

- Planned, built, and managed the TST Real Estate website, handling both backend API development and frontend design to create a seamless user experience.
- Provided advice on marketing and promotional approaches, helping to improve brand visibility and outreach.
- Worked closely with employees to understand their needs, implementing features and updates that aligned with team goals.

Moonkiri Design Studio | Web Developer   Jun 2023 – Feb 2024

- Designed and developed a static website to showcase the studio's interior design and construction projects, focusing on visual appeal and usability.
- Created a digital portfolio that highlighted various design projects, allowing potential clients to explore the studio's work.
- Collaborated with the team to understand their vision and requirements, tailoring the website to reflect their brand and style.

SKILLS

Programming Languages:	JavaScript, C#, C, C++
Libraries/Frameworks:	Node, React, Express
Tools / Platforms:	Git, VS Code, Github Actions
Databases:	MongoDB, MySQL
Cloud platform	AWS Services

PROJECTS

TST Real Estate | Link   *HTML, CSS, React, Node, MongoDB, AWS*

- **Admin Dashboard for Property Management:** Developed a comprehensive admin dashboard enabling CRUD (Create, Read, Update, Delete) operations for property listings, allowing streamlined management of properties for sale.
- **Satellite Mapping for Land Visualization**: Integrated satellite mapping to provide detailed land views, allowing users to visually explore properties and surrounding areas on an interactive map.
- **Media Storage**: Implemented AWS S3 services to store and manage property images and videos securely, enabling fast media loading and efficient data management.

Moonkirir Design Studio | Link   *HTML, CSS, React*

- **Static Webpage Development:** Built a static website that highlights Moonkiri Design Studio's portfolio, creating a user-friendly platform to showcase their design and construction projects.
- **Visual Project Showcase**: Displayed the studio's design and construction projects in an organized, visually appealing layout, helping potential clients explore the studio's work.
- **Client Collaboration and Customization**: Worked closely with the Moonkiri team to align the website with their vision and requirements, ensuring the site reflected the brand's style and professionalism.
